

Christian Atheist: Belonging without Believing

By Brian Mountford

John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, Christian Atheist: Belonging without Believing, Brian Mountford, The key to the book is a set of interviews with people who fall broadly into the Christian Atheist category; some are more agnostic and less sceptical than others, but what they have in common is the rejection of traditional belief in God, counterbalanced by an admiration for the aesthetic genius of Christianity (leading to a sense of deeper value), the Christian moral compass, and in some cases the community aspect of Christian life. As one of his interviewees points out, you can't have Christian atheism without mainstream, traditional Christianity, so Brian Mountford sets their comments within a broader discussion of the issues: God, aesthetics, orthodoxy, doubt and belief, ethics and communal values. His purpose is threefold: to validate and affirm the Christian atheist position within the broad spectrum of Christianity to say to the Church, you ignore this phenomenon at your peril to show that the distinction between atheist and religious adherent is rarely black and white, and that the ground between the two is a fertile source of meaning and value.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
